Version 1.0

Certificate of Compliance

Production Description: 48" x 42" Heavy Duty Wooden Pallets, Heat Treated

This is to verify that all lumber used in the Heat-Treated pallets used by BioSpectra, Bangor, PA, which are appropriately stamped with a heat treatment stamp have been heat treated to a core temperature of 56 degrees Celsius for a minimum of 30 minutes.

The heat treatment was conducted in accordance with the standards established by the ALSC (AMERICAN LUMBER STANDARDS COMMITTEE), and is confirmed by the manufacturer's HT Stamp on each pallet. This treatment meets the regulatory requirements of the International Standards for Phytosanitary Measures, ISPM #15.

This is to verify that the pallets used by BioSpectra have been inspected and approved for shipment.

The data in this memo is provided on behalf of BERRY INDUSTRIAL GROUP, INC.
