

Guanidine Hydrochloride

Safety Data Sheet According to Regulation (EC) 1272/2008

| SECTION 1: Identification | |
|--|---|
| 1.1 Product Identifier | |
| Product Name CAS# RTECS# REACH Registration # Synonyms | Guanidine Hydrochloride 50-01-1 MF4300000 01-2119977063-35-0009 Guanidine Monohydrochloride, Guanidinium Chloride, Guanidinium Hydrochloride. |
| 1.2 Recommended Use of the Chemical and | Restrictions of Use |
| Chemical manufacturing | |
| 1.3 Supplier Details | |
| Supplier | BioSpectra, Inc. 100 Majestic Way Bangor, PA 18013 T: 610.599.3400 ra@biospectra.us |
| 1.4 Emergency Numbers | |
| Emergency Numbers | US & Canada: 1-800-424-9300 Outside the US & Canada: +1 703-527-3887 |
| SECTION 2: Hazard Identification | |
| 2.1 Classification of Substance or Mixture G | HS Classification in accordance with 29 CFR 1910 (OSHA HCS) |
| Acute toxicity, Oral (Category 4) Skin irritation (Category 2) Serious Eye Damage/Irritation (Category 2) Harmful if Inhaled (Category 4) | H302 H315 H319 H332 |
| 2.2 GHS Label Elements Including Precauti | onary Statements |
| Pictogram Signal Word | |
| Hazard Statement(s): | Warning |

- P301 + P330 + P312 IF SWALLOWED: Rinse Mouth. Call a POISON CENTER/physician if feeling unwell
- P302 + P352 IF ON SKIN: Wash with plenty of soap and water.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313 If eye irritation persists, get medical advice/attention
- P362 Take off contaminated clothing and wash before reuse.
- P501 Dispose of contents/containers to an approved waste disposal plant.

2.3 Hazards not Classified or not Covered by the GHS

Not Available.

SECTION 3: Composition, Information on Ingredients

3.1 Substances

| Synonyms | Guanidine Monohydrochloride, Guanidinium Chloride, Guanidinium Hydrochloride |
|------------------|--|
| Formula | : NH ₂ C(NH)NH ₂ ·HCl |
| Molecular Weight | : Weight: 95.53 g/mol |
| CAS# | : 50-01-1 |
| EC# | : 200-002-3 |

| Component | Classification | Concentration |
|----------------------|---|---------------|
| Guanidinium chloride | Acute Tox. 4 - H302 Skin Irrit. 2 - H315 Eye Irrit. 2A - H319 Harmful Inhalation -H332 | 100% |

SECTION 4: First Aid Measures

| 4.1 Description of Necessary First Aid Measure | |
|--|--|
| First-aid measures general | Consult a physician. Show this safety data sheet to the treating physician. |
| Eyes | Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lift the upper and lower lids. Consult a physician. |
| Skin | Immediately flush skin with plenty water for at least 15 minutes. Remove contaminated clothing and shoes. Consult a physician if irritation develops or persists. |
| Ingestion | Do not induce vomiting. Never give anything by mouth to an unconscious person. If person is awake, rinse mouth out with water. Consult a physician. |
| Inhalation | Remove from exposure to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Consult a physician if cough or other symptoms appear. |

4.2 Most Important Symptoms/Effects, Acute and Delayed

Refer to Section 2.2 for Precautionary Statements if any are applicable

4.3 Indication of Immediate Medical Attention and Special Treatment

No information available

SECTION 5: Firefighting Measures

5.1 Extinguishing Media

Water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

52 Specific Hazards Associated with this Chemical

Carbon oxides, nitrogen oxides (NOx), Hydrogen chloride gas, Ammonia

DUN: BSI-SDS-0002, Revision: 3.1, Effective Date: 23 Jan 2024

5.3 Special Equipment/Precautions for Firefighters

May be combustible at high temperatures. As with most organic solids, fire is possible at elevated temperatures or by contact with an ignition source. In the event of a fire, wear full protective clothing and NIOSH (or equivalent)-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode. Explosion will appear as fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. **5.4 Other Information**

None available

SECTION 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Use personal protective equipment. Avoid combustible dust formation. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Avoidbreathing dust.

6.2 Environmental Precautions

Do not let product enter drains.

6.3 Methods and Materials for Containment and Cleaning Up

Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in a suitable, closed container for disposal.

6.4 Other Information

None available

SECTION 7: Handling and Storage

7.1 Precautions for Safe Handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed.

7.2 Conditions for Storage Including any Incompatibilities

Store below 30°C. Store in a dry, well-ventilated area away from incompatible and combustible substances. Keep containers tightly closed. Do notstore in metal containers.

7.3 Other Information

This product is hygroscopic.

SECTION 8: Exposure Controls, Personal Protection

8.1 Control Parameters

Chemical does not contain any substances with occupational exposure limits.

8.2 Engincering Controls

Use adequate ventilation to keep airborne concentrations low.

8.3 Personal Protective Measures

Respiratory Protection

For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator. For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Hand Protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wear impervious gloves: Nitrile rubber with layer thickness 0.11mm. Wash and dry hands.

Eye Protection

Safety glasses with side-shields conforming to ANSI- Z87 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin and Body Protection

Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Hygiene Measures

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

SECTION 9- Physical and Chemical Properties

| Physical State | : Solid |
|---------------------------|---|
| Appearance | White crystal or clear liquid |
| Odor | : Not available |
| pH | : 4.0-6.0 |
| Vapor Pressure | : Negligible |
| Vapor Density | : Not available |
| Viscosity | : Not available |
| Melting Point | : 185-189°C |
| Boiling Point | : Not available |
| Decomposition Temperature | : >310 ° C |
| Specific Gravity/Density | : 1.3450g/cm ³ |
| Solubility | : 215g/100g at 20°C |
| Molecular Formula | : NH ₂ C(NH)NH ₂ ·HCl |
| Molecular Weight | : 95.53 g/mol |
| | |

SECTION 10: Stability and Reactivity

10.1 Chemical Stability

Stable. However, may decompose if heated.

10.2 Conditions to Avoid

Incompatible materials, temperatures above 300 °C.

10.3 Incompatibilities with Other Materials

Strong oxidizing agents, moisture, strong bases, strong acids.

10.4 Hazardous Decomposition Products

Hydrogen chloride, nitrogen oxides, carbon monoxide, carbon dioxide.

10.5 Hazardous Polymerization

Has not been reported.

SECTION 11: Toxicological Information

11. 1 Toxicological Effect

Carcinogenicity:

CAS# 50-01-1 LD50 Oral Rat Remarks

- Not listed by ACGIH, IARC, NIOSH, NTP, or OSHA.
- : 475 mg/kg
 - Behavioral: Altered sleep time (including change in righting reflex). Behavioral: Excitement. Diarrhea

| LD50 Oral | : mouse - 571 mg/kg |
|---|--|
| Remarks | Behavioral: Altered sleep time (including change in righting reflex). Behavioral: Muscle contraction or spasticity. |
| Behavioral | : Irritability. |
| Inhalation | t no data available |
| Dermal | : no data available |
| Skin corrosion/irritation: | |
| Skin | Rabbit |
| Result | : Skin irritation |
| Serious eye damage/eye irritation: | |
| Eyes Result | : Rabbit : Irritating to eyes. |
| | i initiating to eyes. |
| Respiratory or skin sensitization: Buehler Test | Guinea nia |
| Result | Guinea pig Did not cause sensitization on laboratory animals. |
| Potential Health Effects: | Dia not cause sensitization on laboratory annihais. |
| | Management initiation Inflormation is shows to include the material house the second |
| Eyes | May cause eye irritation. Inflammation is characterized by redness, watering, and itching. |
| Skin | May cause skin irritation. Skin inflammation is characterized by itching, scaling, reddening or occasionally blistering. |
| Ingestion | Harmful if swallowed. May cause irritation of the digestive tract. May cause minor neurological effects. |
| Inhalation | Irritating to the respiratory tract. |
| Epidemiology | No information available |
| Teratogenicity | : No information available |
| Reproductive Effects | : No information available |
| Neurotoxicity | No information available |
| Mutagenicity | : No information available |
| 11.2 Additional Information | |
| None available. | |
| SECTION 12: Ecological Information | 성 전통 방법은 가슴을 가 많은 것이 것 같아요. 그것은 가슴을 가 봐야? |
| 12.1 Ecotoxicity: | |
| Toxicity to Microtox EC50 Pseudomonas putida | (18hr) 88.7 mg/L |
| 12.2 Persistence and Degradability | |
| Biodegradability Result: Not readily biodegrada | ble. |
| 12.3 Bioaccumulative Potential | |
| No information available | |
| 12.4 Mobility in Soil | |
| No information available | |
| 12.5 Results of PBT and vPvB Assessment | |
| PBT/vPvB assessment not available as chemical | safety assessment not required/not conducted |
| 12.6 Other Adverse Effects | |
| No information available | |

SECTION 13: Disposal Considerations

Dispose of in a manner consistent with federal, state, and local regulations.

| Regulations | US DOT | JATA | IMDG | ADR |
|---|-----------------|--|----------------------------|-----------------------|
| Shipping Name | | | | |
| Hazard Class | Not Dangerous | Not Dangerous | Not Dangerous | Not Dangerous |
| UN Number | Goods. | Goods. | Goods. | Goods. |
| Packing Group | | | | |
| SECTION 15: Regulatory Information | | | | |
| 5.1 EHS Chemical Specific Regulations | AND STRATE LIKE | and the second second | A STATE OF THE STATE | ALC: NOT THE OWNER |
| OSHA Hazards | : Target Or | gan Effect, Toxic by inge | stion, Irritant | |
| TSCA | : CAS# 50- | 01-1 is listed on the 8(b) | TSCA inventory | |
| Chemical Test Rules | : None of the | he chemicals in this produ | ict are under a Chemical | Test Rule. |
| Section 12b | : None of the | he chemicals are listed un | der TSCA Section 12b. | |
| SARA: | | | | |
| SARA 302 Components | | cals in this material are su Section 302. | ubject to the reporting re | quirements of SARA |
| SARA 313 Components | numbers t | rial does not contain any hat exceed the threshold the III, Section 313. | | |
| SARA 311/312 Hazards | : Acute He | alth Hazard, Chronic Hea | lth Hazard | |
| STATE SPECIFIC: | | | | |
| Massachusetts Right To Know Components | : No compo | onents are subject to the N | Aassachusetts Right to K | now Act. |
| Pennsylvania Right To Know Components | : No compo | onents are subject to the P | ennsylvania Right to Kr | low Act. |
| New Jersey Right To Know Components | : No compo | onents are subject to the N | New Jersey Right to Kno | w Act. |
| New York Right To Know Components | | onents are subject to the N | • | |
| California Prop. 65 Components | | uct does not contain any o rth defects, or any other r | | e of California to ca |

SECTION 16: Additional Information

| | HMIS Classification |
